

YOUTH RUN

The Youth One (1) Mile course begins on the north side of the transition area.

After participants dismount and rack their bicycle, they will run north (lake side) out of the transition area and follow the marked path behind the shelter until they reach the trail.

At the trail they will turn left (south). Runners will stay on the trail which will be marked.

This portion of the run is down to a cone and then returning, on the same path, back toward the finish line area.

Runners will leave the trail, turn right (north), and run a short distance across the grassy area.

Exiting the grass, runners will take a quick left turn and run through the FINISH LINE.

The PINK line at left represents the RUNNING COURSE.

The BLUE line is a portion of the Bike Course.

Course direction changes will be marked on the pavement along with signage and brightly colored tape.
